Dear Parents,

As you would be aware, our school has a 1:1 iPad program that begins in Year 4. Our shared iPad environment in Year 2 and 3 have shown great results in student's engagement in curriculum through the use of technology. Since 2021 our Year 4, Year 5 and Year 6 cohorts have been participating in a 1:1 iPad program ensuring your child is prepared for the digital future.

To fund a 1:1 program solely as a school, is quite difficult as there is a significant cost involved. As a school we are also aware that to purchase an iPad for your child is also a daunting prospect as it is a costly item. To alleviate the cost for parents in purchasing an iPad our school has implemented a student resource scheme. This student resource scheme is detailed on the back of this page.

The student resource scheme is solely to benefit students and parents by substantially reducing the financial burden of purchasing expensive resources up front. The annual cost for this student resource scheme for 2025 is **\$40 a term** or a **lump sum** payment of **\$160.00 for the year**. By participating in the student resource scheme, your child will be provided with an iPad for the duration of the time they are enrolled at Branyan Road State School. ****Please note-statements for these payments will be generated each term.**

Once payment is received students will take "ownership" of the device and will be able to take the device home with them, and will be responsible for the care of the device. Please note failure to maintain termly instalments will result in your child no longer having "ownership" of the device. By agreeing to join this scheme, you will also be agreeing to take full responsibility of any damage costs pertaining to this device whilst in your care. This includes arranging for all damages to be fixed, paid for by you.

If you have any further questions, please contact the office on 41 313 333.
