Dear Parents,

As you would be aware, through our school newsletter and parent information nights our school is implementing a 1:1 iPad program commencing with year 4 in 2018. Our shared iPad environment in year 2 and 3 have shown great results in student's engagement in curriculum through the use of technology, and a 1:1 program is the next step in ensuring your child is prepared for the digital future.

To fund a 1:1 program solely as a school, is quite difficult as there is a significant cost involved. As a school we are also aware that to purchase an iPad for your child is also a daunting prospect as it a costly item. To alleviate the cost for parents in purchasing an iPad our school is implementing a student resource scheme. This student resource scheme is detailed over the following several pages.

The student resource scheme is solely to benefit students and parents by substantially reducing the financial burden of purchasing expensive resources. The annual cost for this student resource scheme for 2018 is \$25 a term or a lump sum payment of \$100.00. By participating in the student resource scheme, your child will be provided with an iPad for the duration of the time you are enrolled at Branyan Road State School and participating in the student resource scheme.

Students will take "ownership" of the device and will be able to take the device home with them, and will be responsible for charging and care of the device. Please note failure to maintain termly instalments will result in your child no longer having "ownership" of the device.

For further questions, please contact the office on (07) 41313333

Kind regards

Adam Fritz
